Grain Storage & Handling

THE GRAIN 100

- The Grain 100 consists of the top multiple facility grain companies and cooperatives in North America according to total corporate grain storage capacity.
- Statistics for individual facility locations are listed by state in the Port, River, Terminal and Subterminal Elevators section.
- For the first time the number of country elevators is listed. Because country elevator numbers are included, the total number of facilities and the total corporate grain storage capacity figures may not necessarily be the sum of individual facility listings in the Port, River, Terminal and Subterminal Elevators section.
- Conversions of tonnes and hundred weights to bushels are approximates.
- Throughout the directory, leased facilities are listed under the company which currently operates the elevator with lessors designated in parentheses.

1. CARGILL, INC.

15407 McGinty Road W., P.O. Box 9300, Minneapolis, Minn. 55440.
Phone (612) 475-7575. Telex: 290625.

INCREASE YOUR DRYING/COOLING EFFICIENCY

Vibranetics' vibrating fluidized bed heating/cooling equipment can reduce your energy costs and processing time on all types and sizes of granular food products.

Our vibrating fluidized beds with uniform drilled-hole decks maximize the distribution of fluidized air over the entire bed. This provides more thorough and efficient heat transfer than traditional stationary, rotary, or belt equipment.

In addition to fluidized beds, we make indirect coil units for the cooling, heating or drying of extremely fine materials.

And we can supply you with a standard, single processing unit or even a whole system, complete with blowers, ductwork, and controls.

To find out more about our proven fluidized bed heating/cooling transfer capabilities, write or call Vibranetics today.

Vibranetics

Cargill's world-wide information network helps you get the most competitive price for your product.

FARM TO

You want the best prices for your commodities. To get them, you must have timely market information. Not only domestically, but internationally. That's where Cargill can help.

Cargill watches the world for you. Although we specialize in limited geographic areas, our expertise also covers the globe. We handle a wide range of grains, not just one or two. To get the best price possible for buyers *and* sellers.

In total, we provide an innovative, efficient and competitive service we think you can't match anywhere else. Whether you're a buyer or seller. It's one of the reasons why Cargill has become the "to" in "Farm to Market."

When you want the right grain drier for your application, it's time for BERICO
BERICO
A single drier design cannot perform successfully for all applications. And a drier that's almost right is all wrong.
That's why Berico offers the widest range of drier designs in the world...each design customized to specific commodities and drying applications.
No matter how demanding the job, or how sensitive the drying process, Berico has an affordable solution — and it's right. Our reputation is built on meeting or surpassing all drying objectives.
Buy the grain drier that's right for you this time!
ONLY BERICO OFFERS A SPECIAL DRIER DESIGN FOR EACH APPLICATION
ALL CEREAL GRAINS for safe storage. Fuel efficient. Single tower capacities to 4,500 BPH. Choice of two designs: standard BERICO (photo at left) and MODULAIR.
SOYBEAN/SUNFLOWER PROCESS. Fuel efficient, insulated...with recycle air cleaning. Steam heat options with turbines. Heavy duty cycle design.
MILO
Clean, safe, high capacity. Berico is unchallenged as the world's best milo drier.
EDIBLE BEANS AND COFFEE. America's only true process drier design. Very heat-sensitive, gentle drying process calls for special design considerations to insure top quality.
RICE...PADDY AND PARBOIL
Most popular U.S. rice drier, because Berico delivers maximum quality and milling yield. Automatic Rice Temperature Controller.

Circle Reader Service Card No. 32

slash loading costs with push button car spotting

Nolan's Hydraulic Car Mover (HCM) has a proven record of slashing costs on bulk material loading/unloading operations. The HCM spots cars within a ±6" accuracy.

Installation is inexpensive. The pusher mechanism installs on existing ties, the controls can be stationed anywhere that provides the operator with a safe view of the working area, and the hydraulic power package can be remotely located for convenience.

Call or write for complete details.

CANADIAN TERMINAL AND TRANSFER ELEVATORS

T: The Canada Grain Act defines terminal elevator as "an elevator the principal uses of which are the receiving of grain upon or after the official inspection and official weighing of the grain and the cleaning, storing and treating of the grain before it is moved forward."

Tr: The Canada Grain Act defines transfer elevator as "(a) an elevator in the western division or the eastern division the principal use of which is the transfer of grain that has been officially inspected and officially weighed at another elevator, and (b) an elevator in the eastern division, the principal uses of which are the transfer of grain that has been officially inspected and officially weighed at another elevator and the receiving, cleaning and storing of eastern grain or foreign grain."

Handlair®

Pneumatic Conveying at its finest.

The Incredible Bulk Mover™

The Bulk Mover ...without the bulk

If you move grain, plastics, feed, malt or any other flowable product, chances are you do - or want to - move them by air. Handlair offers incredible capacity, efficiency, versatility, portability and durability - *all without the bulk.*

Efficient Capacity
65-100 mt/hr. through 5 inch (12.7cm) or 6 inch (15.24cm) piping, using low horsepower and low fuel consumption.

Portable Versatility
Handlair is a lightweight, maneuverable system designed with many options for specialized commercial applications - heavy-duty

Air Pump The heart of the Handlair. Its unique design enables it to "pack" the product and move it almost like a solid mass throughout the piping. This flowing movement is much more efficient and causes less damage.

Hydraulic-Driven Blow-Through Airlock Features include large capacity, adjustable high-performance steel tips for longer life and blow-through efficiency.

options for bulk grain handling, including ship unloading; stainless steel options for plastics and food products from rail cars; specifically designed for very delicate products, including malt; simple filtering system options for powders or cement - and many custom designed options for your specific needs.

For more information on Handlair's *Total System* flexibility, call or write:

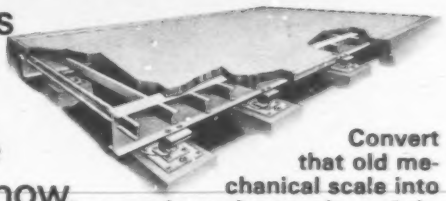
Cardinal

When it comes to weighing systems, it's the only name you need to know.



"Cardinal" is synonymous with "quality" in the construction of welded-steel scales of every design. Included in the Cardinal line are pit-type truck scales, pitless truck scales, batching systems, continuous bulk weighing systems, warehouse scales of all sizes and styles, stainless steel bench scales... even railway scales.

Convert that old mechanical scale into a modern electronic weighing system! All it takes is the installation of a Cardinal electronic weight sensor on your existing mechanical scale. By converting to electronic you can take advantage of Cardinal's microcomputer based DI-910 weight indicator and 2130 data printer. Simple to operate, fast and efficient. Will greatly improve data-handling capabilities!

Call or write today for more information!

Cardinal.

Cardinal Scale Manufacturing Co.

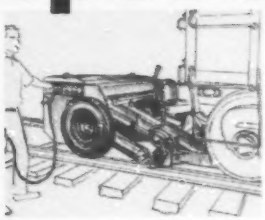
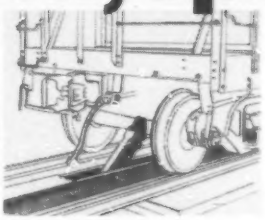
We move 'em, spot 'em, open 'em





Move 'em with Fauver's Rail Husky
- Moves up to 5 loaded (130 ton) railcars on track at up to 3 mph.
- Off track ground speeds up to 6 mph.
- Pendant controls standard; remote radio controls available.
- Powerful, efficient hydrostatic drive.
- Utilizes a portion of railcar's weight for more traction.

Spot 'em with Fauver's railcar spotter
- Advances up to 18 loaded cars at 20 fpm.
- Eliminates risk of car derailment by pushing on railcar axle only...with maximum force of 49,000 lbs.
- Wheel sensor automatically adjusts cylinder stroke for varying car lengths.
- Comes complete with all hydraulic and electrical controls.

Open 'em with Fauver's Gate Mate
- Engineered to open the toughest rack and pinion and scissor gates.
- Adapts easily to all types of railcars.
- Remote hydraulic controls keep operator out of danger.
- Gate-Mate opens doors in seconds that might otherwise take minutes, even hours. Allows more cars to be dumped each day.

Circle Reader Service Card No. 37

PROFILE OF THE GRAIN 100

For the first time the Grain Directory lists the top 100 North American grain companies. Ranking is based on total licensed storage capacity. Because of a three-way tie for 99th place, the list actually includes 101 grain companies. Their licensed storage capacity totals 2,825,679,536 bus. In addition, Quaker Oats reports 11,000,000 bus of unlicensed capacity.

Canadian grain companies account for 480,700,000 bus or 17% of the listed licensed capacity. Independent companies account for two-thirds of the total U.S. licensed stoage capacity, cooperatives for one-third. U.S. grain companies in the top 101 account for 29% of the country's total off-farm commercial grain storage capacity.

Of the 101 top grain companies listed, 93 are U.S. companies or divisions thereof, and eight are Canadian firms. Of the U.S. firms, there are 58 independent companies and 35 cooperatives.

The top 101 North American grain companies operate 4,366-plus grain storage facilities, not including the unreported country elevators of Bunge Corp. and Continental Grain Co. A breakdown of the reported facilities shows 61 port, 214 terminal, 139 subterminal, 169 river, 20 Canadian transfer elevators, 22 storage houses for U.S. processors and 3,741 country elevators.

Statistics for The Grain 100's individual facility locations are included in the Port, River, Terminal and Subterminal section. Statistics on 74 port facilities, 296 terminals, 200 subterminals, 226 river elevators and nine floating elevators are listed. The Canadian section lists 23 terminals and 28 transfer elevators. The total of 847 individual facility locations represents a 64% increase over the 1984 directory.

U.S. REGIONAL GRAIN MARKETING COOPERATIVES

Regional Co-op	Headquarters	Number of elevators	Storage Capacity
Agra Land, Inc. (Grain & Bean Div.) [1]	Lansing, Mich.	3	8,787,000 bus
AGRI Industries	West Des Moines, Iowa	11	24,600,000 bus
FAR-MAR-CO	Hutchinson, Kas.	21	139,497,571 bus
Gold Kist, Inc.	Atlanta, Ga.	80	20,000,000 bus
Growmark, Inc.	Bloomington, Ill.	11	12,273,000 bus
Harvest States Cooperatives [2]	St. Paul, Minn.	116	61,690,000 bus
Indiana Farm Bureau Co-op	Indianapolis, Ind.	10	32,544,000 bus
Landmark, Inc. [3]	Columbus, Ohio	8	12,281,000 bus
MFC Services (AAL)	Madison, Miss.	2	1,200,000 bus
MFA, Inc.	Columbia, Mo.	61	30,400,000 bus
Ohio Farmers Grain & Supply Association [3]	Fostoria, Ohio	8	9,500,000 bus
Riceland Foods, Inc.	Stuttgart, Ark.	42	100,027,000 bus
Southern States Cooperatives, Inc.	Richmond, Va.	10	5,500,000 bus
Union Equity Cooperative Exchange	Enid, Okla.	6	73,500,000 bus

Duplicate membership has not been eliminated. All figures except MFC and Southern States Cooperatives were compiled from The Grain 100 (multiple company) figures starting on page 9.

[1] Formerly the Michigan Elevator Division of Farm Bureau Services, Inc.

[2] Result of a merger between Farmers Union Grain Terminal Association and the North Pacific Grain Growers, Inc. in 1983.

[3] At presstime, Landmark, Inc. and The Ohio Farmers Grain & Supply Association had agreed in principle to combine operations.

NUMBER OF PORT, RIVER, TERMINAL, SUBTERMINAL AND COUNTRY ELEVATORS

Regional Co-op	Port	River	Terminal	Subterminal	Country
Agra Land, Inc.	1		2

RAIL TRANSPORTATION GUIDE

- The following is a list of principal railroads serving U.S. and Canadian grain elevators, alphabetized by standard carrier abbreviation used in the Port, River, Terminal and Subterminal Elevator section.
- A partial listing of rate service numbers (both toll and 800) of railroads with significant grain traffic is provided. The list was compiled with the help of Vic Moser, president, Flatland Professional Services, Hutchinson, Kas., and contributing editor to *Grain Storage & Handling*.

ALS—Alton & Southern Railway Co.
ATSF—Atchison, Topeka and Santa Fe Railway Co.
BN—Burlington Northern Inc.
BO—Baltimore and Ohio Railroad Co. (CSX)
BM—Boston and Main Co.
CN—Canadian National Railways Lines
CNW—Chicago and North Western Railway Co.
CO—Chesapeake and Ohio Railway Co. (CSX)

SCHLAGEL

POWERFLOW®

DELIVERS!

All steel roller chain used in all conveyor models. As a result, chain life is extended 30 to 50%. UHMW Flights eliminate steel to steel contact and wear of the box when running empty. Powerflow® "EN MASSE" conveyors have self regulated feeding—in most cases bin gates may be fully opened and capacity will be determined by conveyor speed and it will convey without degrading the product.

- HIGH CAPACITY CONVEYING
- COMPACT HOUSING
- USES LESS HORSEPOWER
- SELF REGULATED FEEDING
- PATENTED INTERMEDIATE DISCHARGE
- PATENTED AUTOMATIC MAINTENANCE DEVICE
- DUST-WEATHER TIGHT ENCLOSURE
- EXTENDED LIFE CHAIN
- COST COMPETITIVE

CHECK US FIRST!

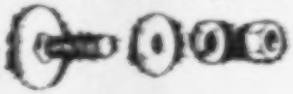
Polyethylene Agricultural Buckets
36 Sizes! 3×2 thru 16×10 *including* new 8" projections with 20×8. More capacity than the competition.

Drag Flights
Tough, U.H.M.W. for any application. Both Food and Industrial Grades. Round bottom, En-masse, and specials.

Urethane Agricultural Buckets
30 Sizes. 3×2 thru 18×8. For large volume through put and tough applications. Two durometers to suit the need.

Hanger Bearings
Wood, U.H.M.W., Wearite. 1" shaft thru 3 7/16". All styles. Temperature range to 350°.

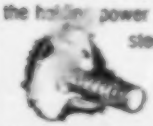
Elevator Bolts and Nuts
1/4", 5/16", and 3/8" carbon steel and stainless steel. All necessary accessory hardware.



U.H.M.W. and Urethane Sheet
For chute and trough lining. 1/8" thru 4". White or Green.

Industrial Non-Metallic Buckets
15 sizes, centrifugal and continous discharge.

"Sabre-Toothed" Belts
1/4", 5/16", and 3/8" teeth give the holding power you need. Stainless steel and carbon steel.



Hy-Pro Plastic Buckets
Closer spacing increases capacities 36 sizes.

Maxi-Splice Belt Splice
The most dependable type of positive mechanical belt fastening. "Better than it has to be" for belts thru 1200# P.I.W. Tensil Strength.

Steel Elevator Buckets
72 sizes thru 24×9; diggers and stainless; all have venting as standard.

PROBE-A-LOAD

U.S. Patent No. 4,037,076

MECHANICAL TYPE APPROVED BY FGIS FOR OFFICIAL SAMPLING

FEATURES:

- All Electric Power
- Stoplights
- Floodlights
- Hand Held Control
- Signal Horn
- Free standing
- Arm Extension 7' to 13' 6"
- Lateral Movement 350°
- Samples High Moisture Grain
- Pneumatic Grain Return System
- Approved for Corn and Soybean Sampling by Iowa, Kansas and Nebraska Departments of Agriculture

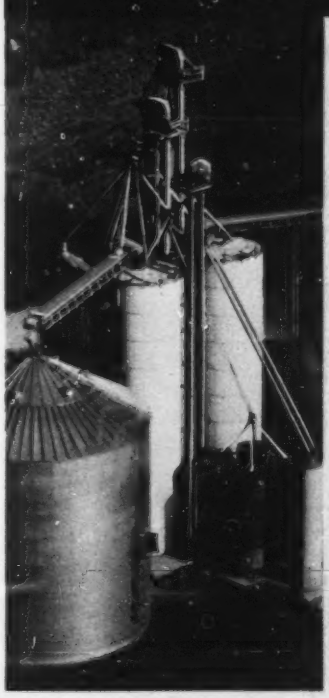
ABC BUCKET ELEVATORS



designed for your applications

Heavy duty, free standing ABC Bucket Elevators are complete systems built for long service, high efficiency and flexibility that fit your needs. Continuous seam welded trunking, three-step finishing on legs and strip sealant at flange connections are examples of meticulous ABC construction. Write for more information.

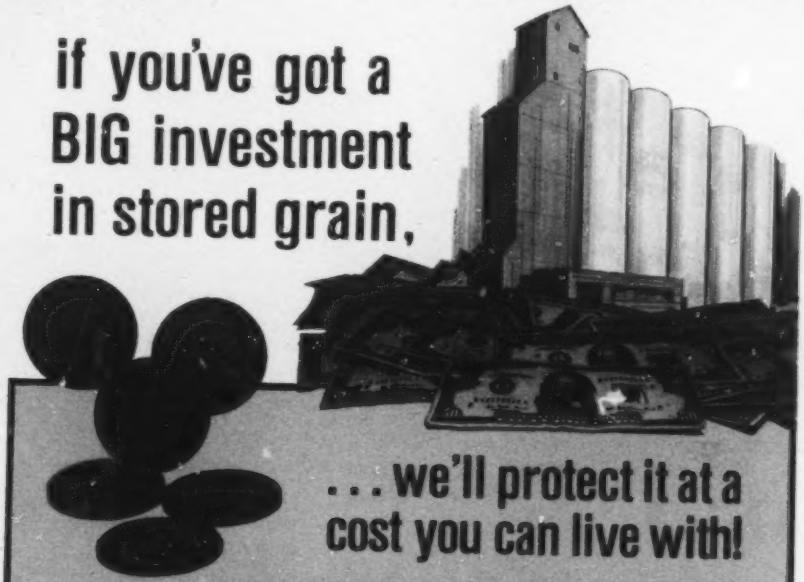
if you've got a BIG investment in stored grain,



. . . we'll protect it at a cost you can live with!

with Fumitoxin® FUMIGANT

Stored grain is worrisome. A lot of things can happen to it, most of them bad, but one major worry you can eliminate is the nagging concern of insect infestation.

Turn that problem over to your Pestcon Professional. It's his job to worry about insects. Whatever your problem, chances are he's seen it before, and he'll work out a specific plan for your specific needs; a plan with no waste motion, no "extras", no fumbling around . . . and the cost will make sense.

He'll show you how Fumitoxin fumigant kills virtually all insects, their eggs, larvae and pupae in 48 to 72 hours, and leaves no harmful residue to affect flavor, milling quality or seed germination.

PESTCON SYSTEMS, INC.

BUILDING
FROM THE GROUND-UP
When you're building, renovating or adding to your grain facility or milling plant, you need an experienced and thorough contractor. One that you can depend on to do a professional and cost-efficient job.
Evergreen Builders has the experience to handle your construction project. Our references from major companies such as Cargill, Continental Grain, Ralston Purina, McCormick & Company and Bay State Milling will show that you can depend on Evergreen to do the job right.
Call Larry Green for a competitive bid on your next project.

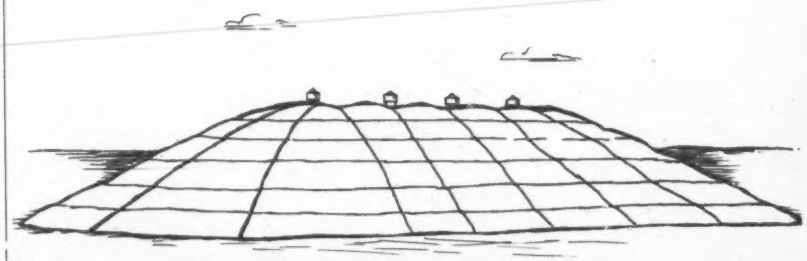
The Ideal Answer to Outside Grain Storage.



Gagle Grain Storage Protective System.*

Now a protective cover system engineered and designed especially for outside grain storage.
A Tough, Dependable and Reuseable System that is tailored to each application.
The GAGLE COMPANY offers total application Engineering and installation.
Check these Quality Features that Save Time and Money:

- High Strength 42 Mils Thickness.
- Puncture Resistant.
- Ultra Violet Stabilized.
- All Weather Water Proof Material.
- No Cracking Of Material Due To Temperature Or Wind.
- White Reflective Surface Prevents Heat Build Up.
- Fiber Backing Acts As Insulation And Aids In Gas and Humidity Removal.

GAGLE Exclusive proprietary installation offers these features:

- Engineered application.
- Tailored installation around aeration equipment.
- Sewn seaming system allows reuse.
- High strength rope grid over cover — no tire ballast required.
- Proprietary anchor system under cover.
- Total turn key installation.

For more information write or call:

East, Charles J., Garnac Grain Co. 33
Ebert, Robert, Mississippi River Grain Elevator, Inc. 33

1. Bucket Elevators
2. Screw Conveyors
3. Personnel Elevators
4. Truck Hoists
5. Drag Conveyors
6. Two-way Valves
7. Slide Gates
8. Distributors
the moving machines
4. Heavy-duty bucket elevator legs ranging in capacities from 600 to 20,000 B.P.H. with a complete line of accessories.
2. U-trough or tube type screw conveyors, standard sizes 6" thru 16", larger sizes on request, custom designs for all applications.
3. Special purpose personnel elevators. One man, 300 lb. capacity and two man, 500 lb. capacity, designed and built to meet local, state and federal elevator regulations.
4. Cradle lift truck hoists, traveling type or stationary type for low overhead clearances, 5, 7½ and 10 HP with lifting capacities to 30,000 lbs.
5. The "Grain Train" paddle type drag conveyor with UHMW paddles and UHMW idler return sprockets, 9" thru 24".
6. Manual, air or electric operated valves, standard sizes from 6" thru 24".
7. Manual, air or electric operated slide gates, standard sizes 6" thru 24".
8. Manual and electric distributors with standard sizes of 6" to 14" diameter outlets, 4 thru 20 outlets, larger sizes on request.

GrainTrac

More reasons why GrainTrac™ has become the software solution for grain elevator management:

- Complete grain contract maintenance - purchase, sale, & hedge, with enough information to satisfy merchandising.
- Scale ticket processing - purchase & sale. Enough flexibility to handle daily situations - split loads between 9 customers, establish different spot prices for each load, establish storage rates for each load, & more.
- Daily application report - allowing operator management to previous day's activities & correct any mistakes.
- A discount schedule system so flexible that a simple grade factor, a combination of grade factors, or all grade factors can be averaged for a business day or a period of time.
- A daily position report that is designed with each client. GrainTrac wants to adapt to your operations, not vice versa.
- Settlement reports that are organized with the customer in mind. When the customer understands the settlement sheet, you spend less time explaining.
- A warehouse receipt system that is hands free.
- In general, a software system that provides the necessary tools so that office help can process daily activities in an efficient manner & management can analyze, instead of get out fires.

For more information on GrainTrac please call 309/688-2377

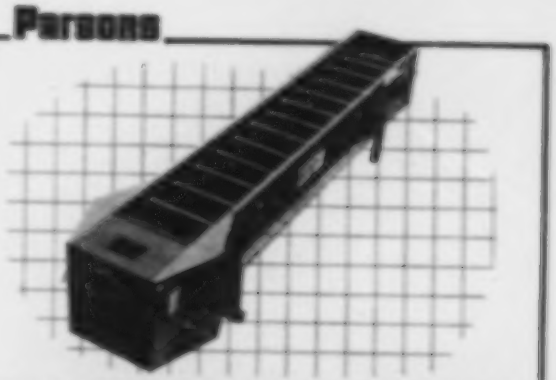
Parsons



EN MASSE CONVEYORS

- UHMW Polyethylene flights and return rollers, for long life, less noise, less power requirements.
- Immediate "no-tool" access to any section.
- Hardened steel chain, sized to each application.
- Commercial models 3,000 through 40,000 BPH.
- Optional AR Liners to match any requirement.

InterSystems, Inc.

OFF-FARM GRAIN STORAGE STATISTICS

- The official U.S. Department of Agriculture off-farm commercial storage capacity figures as of Jan. 1, 1984 are listed by state below.

NUMBER AND CAPACITY OF OFF-FARM GRAIN STORAGE FACILITIES

State	1983	1984	1983	1984
Alabama	146	151	38,330,000	39,070,000
Arizona	34	37	28,260,000	29,980,000
Arkansas	249	239	216,950,000	225,610,000
California	196	198	105,290,000	107,890,000
Colorado	205	211	107,700,000	113,400,000
Delaware	28	27	18,990,000	19,740,000
Florida	49	47	7,940,000	7,600,000
Georgia	365	358	69,040,000	68,570,000
Idaho	204	179	85,280,000	90,980,000
Illinois	1,108	1,042	954,360,000	981,130,000
Indiana	753	722	314,840,000	326,930,000
Iowa	1,024	1,009	874,460,000	905,330,000
Kansas	1,005	1,002	858,990,000	870,970,000
Kentucky	226	228	55,890,000	57,110,000
Louisiana	131	135	123,020,000	104,180,000
Maryland	69	71	44,890,000	50,270,000
Michigan	376	374	127,000,000	129,500,000
Minnesota	842	811	441,400,000	431,410,000
Mississippi	165	162	75,470,000	74,960,000
Missouri	624	620	244,650,000	248,110,000
Montana	252	217	53,660,000	50,070,000
